

# Sow hope, reap life.

Hello,

First of all, we would like to thank you for participating in Opération Tournesol. In addition to experiencing a pleasant and enriching gardening activity with your students, you will support Opération Enfant Soleil's actions for sick children and their families.

The horticulture workshop should be completed between March 9 and 27 in the classrooms. During the first week of May, students will take their sunflowers home. Their parents will then be asked, on a voluntary basis, to "buy" their child's plant. All the money raised will be donated to Opération Enfant Soleil during the telethon next June. Don't forget to hand out, along with the sunflower, the letter to parents and the envelope to return with donations. The deadline for returning donation envelopes to the school is May 15. After the envelopes are returned, you have 10 days, until May 25, to return all donations to Opération Tournesol.

Please make your check payable to:

Québec Vert  
a/s Opération Tournesol  
3230, rue Sicotte, local E-300 Ouest  
Saint-Hyacinthe (Québec) J2S 2M2

Please confirm the amount sent by email to [operationtournesol@quebecvert.com](mailto:operationtournesol@quebecvert.com) (including your name and school) so that we can compile the amounts in advance.

You can also make your payment directly through the Opération Tournesol website with your credit card. If people you know wish to make a donation to Opération Enfant Soleil via Opération Tournesol, they can also do so on the website [[operationtournesol.quebecvert.com](http://operationtournesol.quebecvert.com)] on the "Make a donation" page.

## Opération tournesol

### IN SUMMARY

#### MARCH 2-6
